Such type of incidents at the Railway's Platform where a dead-body remained lying for such a long time prima facie shows the apathy on the part of the Railway Administration.

One of the reasons as stated by the counsel appearing for the Railways is in-adequate security staff. He further submitted that in the State of Chhattisgarh alone there are several big railway stations and due to the shortage of staff including the security staff, there may be vulnerability of such incidents, otherwise, the Railway Administration is doing its best.

Let shortage of security staff be made good and adequate staff be made available in all the railway stations which lack the sufficient staff.

So far as the movement of anti social elements is concerned, the railway stations should be equipped with short circuit video cameras for confining them within it so that they may be nabbed by the police/ G.R.P. staff deputed there and necessary action may be taken against them.
